

BANGLADESH SEVERE WEATHER SITUATION UPDATE

Published on May 27, 2024 12:30 BST (+06:00 UTC)

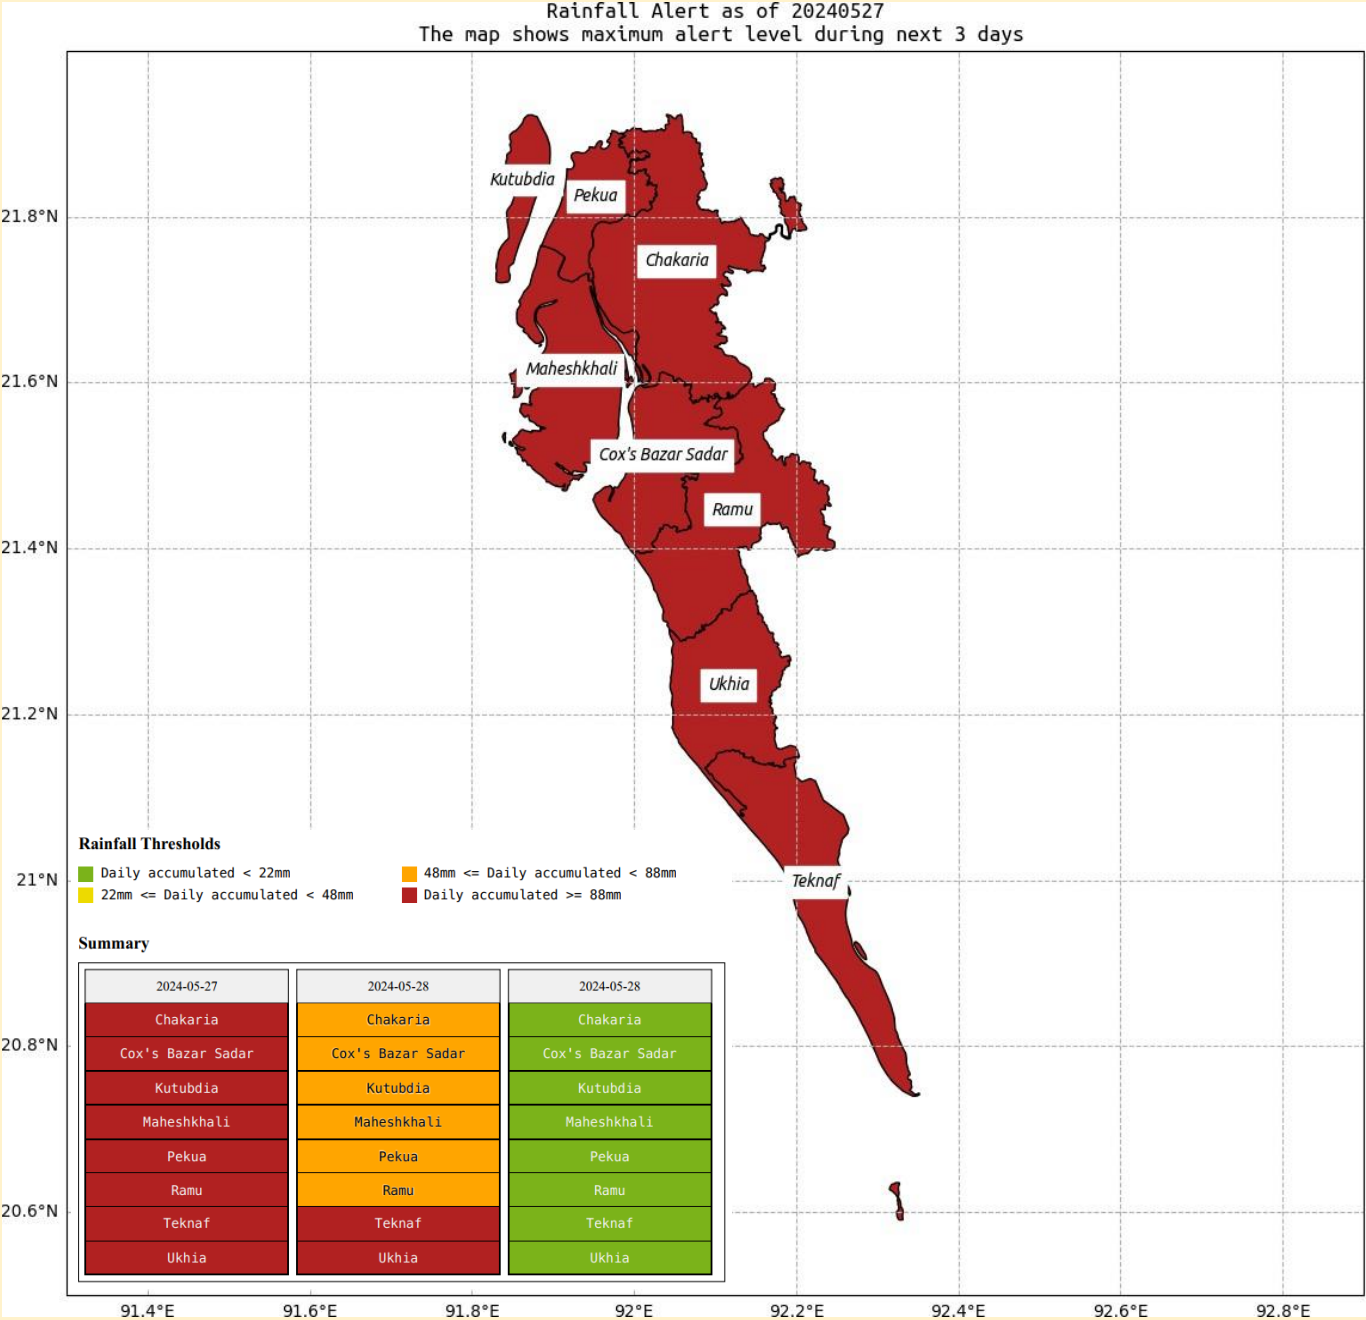

Situation Overview (Cyclone ‘REMAL’)

- According to the Bangladesh Meteorological Department (BMD) (27 May 2024 10:00 BST), the severe cyclonic storm “Remal” over Koyra, Khulna moved Northwards; weakened into a Cyclonic Storm and further weakened into a Land Deep Depression over Jashore and adjoining Area. It is likely to move North-eastwards further and weaken into a land depression by giving precipitation gradually.
- Maritime ports of Payra and Mongla have been advised to lower **Danger Signal No. Ten** but instead hoist local cautionary **Signal Number Three (R) Three**.
- Maritime ports of Chattogram and Cox’s Bazar have been advised to lower **Danger Signal No. Nine** but instead hoist local cautionary **Signal Number Three (R) Three**.
- All fishing boats and trawlers over North Bay have been advised to remain in shelter till tomorrow morning. (28 May 2024) and then proceed with caution.
